

## Women Included in the Women's Aid Femicide Watch 1996-2024

Updated 20<sup>th</sup> December 2024

### Statistics<sup>1</sup>

- 269 women have died violently between 1996-the present day.
- 20 children have died during incidents where women have died violently.
- 174 women have been killed in their own homes (63%).
- 214 cases have been resolved (80%).
- 87% of women (where the case has been resolved) were killed by a man known to them. 13% of women were killed by a stranger.
- 1 in every 2 femicide victims is killed by a current or former male intimate partner (55% of resolved cases).
- Women of any age can be victims of Femicide. However, women under the age of 35 make up 50% of cases in Ireland.
- In almost all murder-suicide cases (23 out of 24) the killer was the woman's current or former intimate partner.

### Dedication

There is no greater violation of a woman's human rights than the right to life itself. We remember and reflect on those women killed by men. Women killed by current or ex boyfriends, partners or husbands, acquaintances, brothers, sons, neighbours and in some cases, strangers. Each woman murdered is an outrage. An absolute tragic loss of life

resulting in utter heartache and trauma for her loved ones left behind. This report is dedicated to the women included in this report whose voices in court, police statements and newspaper reports are silenced as the perpetrators write the story of their deaths.

Women's Aid stands in solidarity with families, friends and communities of women murdered and with women currently living with abuse. We also dedicate this report to the families and the loved ones bereaved. Families who are enduring the unimaginable pain of loss and absence while left picking up the pieces. Families who have spoken up in court, on the streets and through the media in order to get justice for the murder of their sisters, daughters and mothers.
